GENERAL INSTRUCTIONS

Each taxpayer subject to Hawaii's net income tax and transient accommodations tax was able to claim a hotel construction and remodeling tax credit for a qualified hotel facility located in Hawaii. A nonrefundable tax credit of 10 percent was available for qualified construction or renovation costs incurred after November 1, 2001, but before July 1, 2003. The credit changed to a refundable 4 percent credit for qualified construction or renovation costs incurred after June 30, 2003 through December 31, 2005. See Department of Taxation Announcement No. 2001-20.

The tax credit is not available for taxable years beginning after December 31, 2005. However, you may claim the credit only if you have a carryover of the credit for costs incurred after 11/1/01, but before 7/1/03, and a proper claim of the credit was made.
